

Broadmoor Residents Association and the Broadmoor Crime Prevention and Improvement District.

The Broadmoor Residents Association is asking our residents to help create a district that would increase funding for security patrols.

- The Broadmoor Crime Prevention and Improvement District will be a property tax of one mill. This amounts to 50 cents a day for the average house in Broadmoor for Security Patrols.
- Over 80% of this tax goes for funding Security Patrols. Currently, nearly 70% of your voluntary dues pays for the Security Patrols.
- This one mill tax will pay for 24/7/365 Security Patrols. The current system Pays for an average of 2 hours of Security Patrols per day.
- There is oversight of your taxpayer money. The city-parish and state governments will have representation. An independent CPA will compile, review or audit the district every year.
- This district is subject to state law and an audit by the Legislative Auditor.
- City-parish and state representation will come from homeowners and residents. In other words, they are taxpaying residents of Broadmoor, too!
- You will know that every homeowner pays the same tax, and everyone has a vested interest in the general welfare of our neighborhood.

Broadmoor—the heart of Baton Rouge. Since 1955 and home to over 2000 families.
